NEW CASES FILED IN SUPERIOR COURT

Civil and Probate Matters Beguu

Thomas & Thomas have filed a petition for letters of guardianship over the estate and person of Geo. R. Young, an incompetent.

John Taylor through McNab & Hirsch has filed a petition for letters of administration on the estate of Diedrich Wickman, who died July 6, leaving an estate consisting of $50 cash.

McNab & Hirsch acting for the Union Lumber Co. have filed a petition asking the court to declare who were the heirs of Emily Parker, deceased. The action is preliminary to perfecting title.

The Round Valley Land Co. has asked the court to declare who were the heirs at law of Louis Thomas, who died at Covelo. This action also is to perfect title.

John Taylor has filed a petition for letters of administration on the estate of John Fairchild, deceased, who died Oct. 30, 1912, leaving an estate valued at $50, a part interest in the estate of Alfred Fairchild.

Judson Liftchild trhough J. C. Ruddock petitioned for and has been granted permission to adopt Valentine S. Lance.

P. Pacini and children have filed a suit for damages against Wiley Higgins. The complaint alleges that the wife and mother was thrown from the defendant's auto and killed in an auto accident near Lytton and damages of $2500 are asked.

D. J. Blosser has filed a suit against R. Barnwell et al seeking to recover the value of a note for $700 with interest at 8 per cent for a year. The note is secured by a mortgage on certain real property.

Fred Haas has filed a suit for divorce from Bertha Haas, alleging desertion June 15, 1912, The parties were married July 26 1905, and there is one minor child. The court is asked to make no disposition of the child.

Mannon & Mannon on behalf of Florence Davidson have filed a suit for divorce from John Davidson alleging intemperance and neglect and failure to provide. They were married in Salt Lake in 1905. The plaintiff asks for $25 monthly as alimony.

Plead Not Guilty

Andrew Makki and Chas. Russell appeared before the Superior court last Tuesday to enter their pleas. Makki is charged with an assault committed at Fort Bragg while Russell is charged with robbery committed at Whitesboro. Both entered pleas of not guilty and asked for counsel, which was provided.

Lloyd Henley Weds

Lloyd Henley, a former Ukiah boy, was married last week to Miss Nora Kathleen Dunn, of Campbell. They will make their home for the present at Towle, where Mr. Henley is in the employ of the Pacific Gas and Electric Co. Mendocino County friends of the groom will extend congratulations.

BLIND PIGGERS ARE SURELY HARD HIT

Do They Serve Drinks in the Fourth District? Never! That is, Well, Hardly Ever

A GREAT VICTORY FOR BYRNES AND DUNCAN

The blind pig keepers, of the coast, who have waged a war with the sheriff and district attorney ever since the Fourth district went dry, surrendered unconditionally this week and seven of them plead guilty to the charges against them, the greater number promising to rerfain in the future from infractions of the law. Several of them have judgments for imprisinment suspended over them which will be used as clubs to keep them on their good behavior. Harrassed and worried by continual raids and arrests, they have finally given up the struggle and, for a time at least, the Fourth district will be dry, as the voters have decreed it should be.

Mike Nolan, who has probably been arrested the oftenest, gave up the idea of appealing the judgement of a $400 fine which was sustained by the Superior Court last week, and paid his fine this week. In addition to the fine he has signed a written promise to District Attorney Duncan stating that hereafter he will refrain from transporting any kind of liquor, will not take orders and will not allow any liquor stored on his premises and will not sll it or dispose of it in any form. A case which the sheriff and district attorney have against him and upon which they state that they are able to send Nolan to jail will be used as the club to keep him on his good behavior.

Wm. Grotz, who runs Nolan a close second for the bitterness of the fight he has put up, plead guilty and was fined $200. He was also sentenced to 60 days in jail but the jail sentence wsa suspended as long as Grotz refrains from breaking the law. He paid his fine and has promised solemnly that he is out of the business of illicit liquor dealing for good.

Fritz Heldt was sentenced to 60 days in jail after pleading guilty and has also iterated and reiterated his solemn vow to the sheriff and district attorney that he will behave himself hereafter.

Joe Granskog paid a fine of $175 and also promised to quit the business.

Bates paid a fine of $200 and promised to abide by the law.

Mandy Dahl paid a fine of $125, but made no promises. She will be watched.

Thompson was fined $100 and gave his promise to quit the business.

Over the majority of these Byrnes holds other cases and if they break the law again they will be prosecuted and it is intimated that stiff jail sentences together with heavy fines will take the place of the leniency that has characterized the present judgments.

There remain a few others whom Byrnes is working on, one at Comptche, one at Melburne, two at Mendocino and several at other places, but these are minor offenders as compared with the bunch disposed of and are selling but very little.

Bootlegging in the Fourth district is to all intents and purposes effectually stamped out for the present.

BERTSCH-McCLURE WEDDING SUNDAY

Young Couple Are Highly Popular

Invitations were issued this week for the wedding Sunday of two of Ukiah's most popular and well-deserving young people The bride-to-be is Miss Alice McClure, daughter of Mr. and Mrs. Nelson T. McClure. The groom will be Frank E. Bertsch. The ceremony will be a quiet one performed at the residence of the bride's parents at ten o'clock in the morning. They will make their home here, the groom having a good position at the K. & P. Garage.

Their many friends will join the Dispatch in best wishes.

School-Attendance Increases

Figures compiled by Superintendent L. W. Babcock show that the average daily attendance in Mendocino County schools has increased considerably over that of last year, notwithstanding that the total enrollment for the county has fallen off somwhat from that of last year. In spite of this fallling off the average has increased 81 per day.

The increase is due to cooperation between Superintendent Babcock and the teachers. There is little relating to efficiency in the schools that Mr. Babcock's long career as a teacher has not shown him and the success in our schools is largely a matter of the teachers following his advice.

Publicity for Ukiah

The Christian Science Monitor, published at Boston, Massachusetts, in its issue of July 10 contains a halftone of the courthouse at Ukiah, together with a writeup of the town. The photograph and article are run under a head entitled "Public Buildings of Today in Various American Towns" It is a fine advertisement for Ukiah, and Ukiah people owe the Monitor a vote of thanks.

Marriage Licenses

Marriage licenses were issued this week to P. Guisto and Ernest Crepazzi; B. Stornetta and Mary Acquistapace.

Amanda Dahl and Wm. Stone.

MRS. MATHEWS' FRIENDS URGE HER INTO RACE

May Be A Candiate for Auditor

The many friends all over the county of Mrs. Jennie J. Mathews are urging her to enter the race for the auditorship of the county at the election next year. Mrs. Mathwes has been spoken of several times as a candidate for the office but hitherto the talk has been chiefly rumor. Now, however, her friends are urging her personally to enter the race, and it is very likely that she will yield to their solicitations and become a candidate.

Mrs. Mathews has filled the position for the past year, having been appointed by the board of supervisors to fill the unexpired term and so well has she filled the position that her work has received unqualified praise from her fellow officials in the courthouse, much of whose work rests upon the accuracy of her books.

She has demonstrated her entire fitness for the office and her friends feel that she deserves another term at least.

Ukiahites Hold Reunion

Special to Dispatch

Seattle, July 13—Mrs. J. L. O'Rourke, sister of Senator Sanford, entertained a few California friends at a dainty informal luncheon, Friday July 11th at her beautiful home, 502—30th Ave. Seattle, surrounded by fruits and flowers and overlooking the City and Lake Washington. An enjoyable afternoon was spent recalling old friends, "Tho distant far, to memory dear." The guests were, Mrs, Fagan, Mrs. Flora Cleveland Roland, Mrs. Emily Horton, Mrs. Cornela White Duncan and Miss Olive White, of Woodland.

A Fine Concert

The crowd that listened to the concert by Keller's band last Friday night was the largest of the season, the evening being delightful and many people coming down town in consequence. The concert was fine as the usual membership of the band was reinforced by half a dozen pieces from the state hospital. There were eight clarinets and some exquisite classical selections were rendered.

Ukiah audiences are slow to applaud, however, and although the crowd last Friday evening appreciated the music one would never guess it if he judged from the applause.

If you like the boys and appreciate their efforts show it a little.

The Weather

The maximum temperature the past week was 110 on the 11th. The minimum was 45 on the 14th. Rain for the month so far has amounted to .05 of an inch.

Previous July records show a maximum of 110 on July 16, 1911; 111 on July 7, 1905; and 109 on July 8, 1910.

Thad Kerns Killed

Thad Kerns, the lad who gave an aviation exhibition here several weeks ago, was killed in Chico last Tuesday while making a little flight for some friends. His aeroplane dropped with him 100 feet.

Kerns was a fine young fellow and made many friends in Ukiah while he was here. All will hear of his death with great regret.

RESOLUTIONS PASSED FOR STREET WORK

Town Board to Call for Bids Soon

The town trustees at their meeting last Monday night passed resolutions for the paving of certain parts of Ukiah's streets and bids will be called for as soon as the necessary time has elapsed.

The specifications call for curbs and gutters and oiled macadam pavement on North State from Gibson creek to the south bank of Orr Creek, for the full width of the street; a twenty-four foot strip oiled macadam in the center of North State from Orr Creek to the city limits; a thirty-foot strip of oiled macadam in the center of North State from Mill street to the southern limits of the city; curbs and gutters and oiled macadam pavement on Scott street from State to School and curbs and gutters from School to Oak.

The board will purchase a repair outfit for the town with which to repair holes in the street pavement.

Trustees Smith and Brown were appointed to investigate as regards the grading and draining of the newly acquired lot on south state street and will also see to the placing of the 320 street signs which are to be put up as preliminary to the free mail delivery service.

Must File Bills Early

The state law just passed by the legislature requires that all bills against the county must be filed at least three days before the meeting of the board of supervisors. This means that as the board meets the first Monday in every month and Sunday is a holiday, that the bills must be filed the preceeding Thursday. Compliance with this law will get your bill considered at the meeting of the board the first of each month. If you don't get it filed at least by Thursday preceding the board meeting, according to the law, it must not come up for consideration until the next month.

Teachers' Ex Going On

The board of education has been giving the examination for the aspirants for teachers' certificates this week. There is a very large number of candidates. Those who are taking the ex are Desmond Knox, Lakeport; Helen Puett, Ruth Thomas, Muriel Thomas, May Schultz, Laurence McCready, Vera Boynton, Robt. Collier, Ukiah; Lillian Alexander, Albion; Ida Jonson, Elsie Porterfield, Mendocino; Margarite Lima, Hardy; Lizzie Hartman, Fort Bragg; Elsie Holmberg, Philo; Norma Barbee, Berkeley; Mamie Gsell, East Oakland.

J. W. Daw, wife and child, H. H. Gibson and wife, of Hopland, and J. H. Daw left the first of the week for Los Angeles, where they will visit Mrs. S. P. Greenleaf, a sister of the Daws. They have not had a reunion for over 17 years and the party who left here were looking forward to the meeting with great pleasure.

UKIAHITES AT DILLON BEACH

Little Bull Moose Writes of Our Colony There

ALL ARE HAVING FINE TIME

Special to Dispatch

Dillon Beach, Tomales, Marin Co., Cal.—There are a number of Ukiah people here at northern California's famous sea shore resort. The first Ukiahites to appear were Senator Sanford, wife, son and Miss Mary Chalmers. Following them were Mrs. T. M. Cleland and daughter Lucille. Miss Lucille has proven herself to be very popular with the young people, and as a consequence presides at the piano in the evenings during the dancing hours, which are from 9 to 11 o'clock. W. O. White and wife and two children, E. E. Holbrook and wife and three children and Mrs. F. W. Parker and daughter all arrived last Sunday evening. Gene and Orville went out crabbing next morning and caught all they wanted and left that afternoon for Ukiah, leaving the women folks and the children here to enjoy the vacation. The gentlemen promise that they will be back in two weeks to spend a longer time.

Miss Leila Gibson and Mrs. F. M. Roeder and children are expected here soon. A number of other Ukiahites are also thinking of spending a few weeks here. This is certainly a good place to rest, and all cottages and tents are now taken, and if one expects to get accomodations, he will have to make his reservations ahead of time. Many new cottages are being erected by private individuals, so the resort will soon be one of the most famous in northern California. The roads in this part of the country have been greatly improved this year, and as a consequence many automobile parties arrive every Sunday, while many who are here with their machines take in the surrounding country on Sunday. Last Sunday Senator Sanford and his party circumnavigated the globe in his new Chalmers. They left Dillons at 9 o'clock in the morning, went to Tomales, then to Freestone and Occidental, thence to Sebastopol and Santa Rosa and on to Mark West Springs for lunch. From there they proceeded to Calistoga and St. Helena and down to Napa and then to Sonoma and Petaluma where they took dinner and came back to the Beach at 9 o'clock, covering a distance of over 104 miles during the day with pleasant stops at each town. The roads in Napa county are almost perfect and autoing is a pleasure.

Mr. T. J. McGimsey and family, formerly of Boonville, but now of Sonoma were here for a week enjoying the salt air. He was accompanied by his brother in law, Mr. Nunn and family, whom they had not seen for 38 years. Mr. Hutchison and wife, of Woodland, are here on a pleasant time. "Hutch" is a brother of the Ukiah Bob "Hutch" and is a splendid fellow, but he cannot play pedro. But he is a cracker jack when it comes to going out to deep sea in a launch. When asked about it he always raises his hand and says "never again." It was the sickest bunch that ever came ashore, so we have appointed a guardian for the deep sea crowd.

The only thing we lack is some "jerky"; will some kind friend come to our relief. We will exchange a last year's hunting license for the same.

Little Bull Moose.

Larrison-Anker

Florine Anker and Miss Bessie Larrison were married in Ukiah June 27. They have managed to keep the affair secret from all but a few close friends, but it leaked out this week and they are now receiving congratulations.

Hunters Are Fined

Will Shattuck, Chas. Lemerce, and Dallas Stipp were all arrested the past week by Game Warden Miller and charged with hunting without a license. They paid fines and were discharged.

VALLEY, COAST AND MOUNTAIN

Satsifactorily Adjusted

As a result of the meeting held here last week to protest against the rights of way and bridges on the State highway within the county being paid for out of County General fund, J. Grindle of this place and Attorney J. A. Pettis of Fort Bragg appeared before the Board of Supervisors at Ukiah the first of the week and presented a numerously signed resolution protesting against such an action.

The members of the Board gave the coast representatives to understand that the Board did not contemplate such an action, stating that the bridge recently provided for was on a county highway and its weakened condition made its replacement necessary; that owing to the slow progress made on the State highway, which work is handicapped by the insufficiency of the State appropriation, it would likely be several years before the road was completed and that the individual districts through which the road will pass in the time that will elapse will be able to provide the necessary fund for such rights of way and bridges as are necessary without calling on the county generally.—Beacon.

A Chapter of Accidents

While working in the machine shop at the mill Wednesday, Carl Nystrom was struck above the eye by a cold chisel and narrowly escaped receiving injuries that would have resulted in the loss of his sight. He received a bad cut and was somewhat bruised but was able to resume his duties after Dr. Preston had dressed the wound.

Friday morning, Charles Zavitz, who has charge of the engine at the incline, had his hand caught in a pulley and as a result will probably lose the little finger of one hand. The finger was cut nearly through and merely hung by a shred of flesh. Dr. Preston dressed the wounded member, but we understand that no hope of saving the finger is held out by the physician.

Charles Lazarus, one of Mendocino's pioneer residents while engaged in cutting wood, struck a finger with the blade of his ax and nearly severed it. Prompt measures were taken to stop the flow of blood and the wound was dressed immediately.

W. E. Nichols of East Mendocino was injured at Boyle's camp the first part of the week, being sruck in the head by a timber hook. He narrowly escaped having his skull fractured, and it will be a week or more before he will be able to be at work again. —Beacon.

While bringing in the cows Saturday, a young heifer ran into a son of John Brunges and her horn tore out a piece of his ear. The young fellow was brought in to Dr. Pitts who dressed the wound. The injury might have been more serious.—Record.

Fish Car to Noyo

Special to Dispatch

Willits, July 15—The State Fish and Game Commission's car was here the first of the week and brought 30,000 young trout from the Sisson hatchery for liberation in the Noyo river. The car was attached to a special engine which had been furnished through the kindness of Manager Curtis of the Fort Bragg road and was transferred at once to the coast line and left ahead of the passenger train. The trout were obtained through the efforts of the Union Lumber Co. and will be liberated in the upper reaches of the Noyo.

St. Ores Is Champion

Unwilling to concede Carl St. Ores the champion fat man sprinter of the city, Charley Palmer and Henry Howe challenged him for a test Monday night. Determined to defend the title, Carl accepted and the three men toe the scratch, and the way the dirt flew over the designated course down Main street was a caution. Carl proved the victor, and as soon as his competitors could catch wind enough to speak they gracefully gave up and accorded Carl all the laurels coming to him.—Record.

Building Grammar School

Special to Dispatch

Willits, July 15—Carpenters are at work on Willits' grammar school building and it will be ready for occupancy at the resumption of the school term.

Buys Willits Bakery

Special to Dispatch

Willits, July 15—Eli Wells, ex-postmaster of this place, has bought the J. E. Westphalen bakery and will take possession at once. Mr. Westphalen will leave soon on a pleasure trip to Alaska.

Farmer's Club to Barbecue

The Ukiah Farmers' Club will hold their annual barbecue at Clark's grove on the 26th and have planned a good day's entertainment. Those who attended the barbecue last year had the time of their lives and are looking forward to this one. The Farmers' Club certainly knows how to entertain, and those of our townspeople who are so lucky as to receive invitations had better avail themselves of the opportunity to attend.

Scouts on The Coast

A company of Boy Scouts from Ukiah under the leadership of George Kohler camped here Thursday and Friday. They are on a two-weeks' hike, and are a fine, manly group of youngsters. They appeared to enjoy their trip to the coast. They left here yesterday for Fort Bragg, from where they go to Willits and then return to Ukiah. —Beacon.

Frank Collier Hurt

Special to Dispatch

Willits, July 14—Frank Collier, brakeman on a logging train running at Northwestern, had his leg crushed while unloading logs at that place last Friday. His right foot was so badly hurt that he was forced to take to crutches, and he will be laid up for some time. He hails from Ukiah.

Fish Car Here

The aquarium car of the California fish and game commission which it was thought was destined for Ukiah, went on to Willits last Sunday and the Ukiah car will not be here until several days longer. Those who ordered trout will be notified by letter of the date of the car's arrival so that they may be on hand to take the fry away.

NOTICE OF MEETING TO EQUALIZE ASSESSMENTS

IT SAVES 25 TO 40 PER CENT GASOLINE

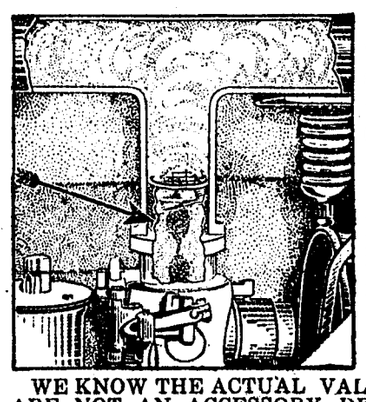
THE

Mondex-Helix Gas Mixer

used in combination with the carburetor actually gives this guaranteed result.

This is a "show me" proposition.
NO RESULTS, NO PAY

We have a devise which is small, simple; has no moving parts, and does not require the disarrangement of the engine. It is so easily applied.



You have thirty days in which to see the great results to be obtained by the use of the Mondex-Helix Gas Mixer.

We charge $5.00 for the Mondex-Helix and $1 to install it. This means that it takes the labor of one man about one hour to put it on.

WE KNOW THE ACTUAL VALUE OF THIS DEVISE FOR WE ARE NOT AN ACCESSORY DEALER, BUT AN AUTOMOBILE COMPANY, AND USE IT ON OUR OWN CARS. OUR GUARANTEE IS BACKED UP BY ACTUAL EXPERIENCE.

On the first $20 worth of gasoline you save at least the price of the Mondex-Helix, if not more.

We refer you to the Mercantile National Bank of San Francisco, R. G. Dunn and Bradstreet's agencies for information regarding our responsibility.

An Overrough Gardener

Charles Tellier, inventor of cold storage, is a Frenchman of eighty-five years, and, having been discovered in a state of abject poverty, Mr. Tellier was recently decorated and pensioned by the French government. In the course of an interview with a New York correspondent Mr. Tellier talked with grim humor about poverty.

"The advantages of poverty are overrated," he said. "The rich declare that poverty brings out a man's good points. Well, so it does—by the roots."

Very Fishy.

The latest fish story comes from Canarsie. Hank Zabriskie was a follower of Darwin. Wishing to prove the theory of adaptability of a species to its environment, he caught a fluke in the bay and kept it in a tub at home. The water he reduced day by day until the fluke was able to do without any at all.

The next move was to train it to live on dry ground. It flopped about very awkwardly at first, but gradually learned to move freely, and was able at last to follow its master on his walks.

One day Hank was out on his dock, which was old and out of repair. His pet was hopping along, jumping at flies now and again, all heedless of danger. Unfortunately on the dock it slipped, missed its footing, fell through a hole into the bay and was drowned.—Brooklyn Eagle.

Tough Nut.

While a lot of "old chestnuts" are being dug up for the cabinet, the following story, which Senator Hoke Smith brought straight from Georgia and for which he vouches, is going the rounds:

A little negro girl was hobbling along a road down in Georgia, exclaiming sorrowfully from time to time:

"Oh, mah poah feet! Oh, mah poah feet!"

Passing a shanty, a little negro boy, sitting on a fence, asked sympathetically:

"What's de mattah, Mandy?"

"Mah poah feet hurts so," she replied. "Ah was standin' on a heap ob scrap iron dis mornin' when pa hit me over de head with an ax. Oh, mah poah feet!"—San Francisco Chronicle.

Knew What to Do.

A trolley car had butted into a pedestrian, who was knocked prone. Others who were passing, thinking the accident might be serious, rushed to the assistance of the fallen man.

"Are you much hurt?" asked a well intentioned individual who helped the victim to his feet. "Shall I get a doctor for you?"

"Doctor nothing!" replied the other. "Guess you don't know much about trolley accidents. Get me a lawyer."—Exchange.

To Keep Him Attentive.

"Why do you encourage your husband to drink so much coffee?"

"It's the one thing that will keep him awake nights, and that's the only chance I get to tell him what I really think of him."—Cleveland Plain Dealer.

Naturally.

"In a race between an airship and an automobile which would win?"

"Barring accidents, the airship ought to come out on top."—Chicago News.

One of Them.

"What are your views on the great public problems?"

"I haven't any views on public problems," replied the man whose interests are under investigation. "I'm one of them myself."—Washington Star.

Town and Country

THE City and the Country are linked together by Bell Telephone Service.

The city man when away can keep in touch with his office and business interest.

In a like manner the man from the country who is visting in the city can telephone his home and find out how things are.

This is possible all over the country because Bell Telephone service is universal.

Nice Discrimination.

That her two grandmothers did not hold quite the same place in her esteem was indicated by Mildred, a little girl of eight years, after she had heard the story of Little Red Riding Hood.

"Oh, dear me!" said Mildred, "I just couldn't stand it to have my Grandmamma Ryce eaten up by a wolf, and I could hardly stand it to have my Grandmamma Turner eaten up by one!"—Woman's Home Companion.

Not In Her Class.

"You know it is stated that a man's heart beats 92,160 times a day," said the young man.

"Every day?" asked the sweet young thing.

"Yes, every day."

"Well, if a young man's heart didn't beat more times than that the day he proposed to me I'd consider him a pretty cold proposition."—Yonkers Statesman.

UKIAH, CALIFORNIA, FRIDAY, JULY 18, 1913

It is the habit of Ukiah as regards a local celebration of any sort to wait until the last minute and then try to carry the thing off in a rush. In other words we are lazy. We don't begin work until we have to. We could save ourselves a great deal of wasted energy and carry things off far more successfully if we began preparations a little earlier than is our wont.

Evidently we are going to follow our usual course this year as regards our hop festival. With the exception of the prize lists, not a single thing has been prepared. There is a feeling of complete indifference in the matter; there is no enthusiasm; no one seems to care a continental whether there is a hop festival or not. Everyone should be talking about it, but instead of that we venture to say that if a public meeting should be called to discuss it, there would not be half a dozen in attendance. It is not the fault either of the committee or of the newspapers. They have tried in vain to get up enthusiasm. The people simply refuse to be enthused. Possibly the weather is too hot. However, along about the 14th of September (the festival will commence about the 15th) we shall probably all wake up, work two or three days and nights and about the last day of the festival get things to going in pretty good shape. Now the Dispatch suggests that if we are going to give a hop festival this year, the people get behind the committee, at least with their moral support. Slap them on the back and tell them to "go to it." Let's get a subscription list started right away among the merchants and see where we stand financially. Then talk hop festival all the time, write to your friends about it, boost it continually. Show the railroad people that there is going to be enough people who want to come to see it that they will be justified in running an excursion. Boost. Boost. Boost. Get busy. If you don't it's going to be a fizzle and it's a great deal better not to try to give anything at all.

Automobile owners and dealers throughout the entire state are giving serious consideration to the new auto license law which has been signed by Governor Johnson to go into effect January, 1914, and which considerably increases the cost of state license for machines.

Up to the present time owners have been paying two dollars for their license, which has held good as long as their car was used. After January 1 the price of a license will be paid according to the horsepower of the machine and must be renewed annually. The following is the scale:

Under 20 horsepower, $5
20 to 30 horsepower, $10
30 to 40 horsepower, $15
40 to 50 horsepower, $20
Over 50 horsepower, $25.

The money will be divided between the state and the different counties, and will be used for the improvement of the public highways. Fifty per cent goes to the state, and fifty per cent to the counties. While some owners are inclined to look with disfavor on this tax the majority of owners and dealers are enthusiatsic over the idea. They state it will insure good roads for all time and that it will not work a hardship on those who own light machines.

Scandal succeeds scandal in San Francisco's police department. The system is rotten to the core. And yet San Francisco is no worse than any other large city in this regard. It would seem that the only way to abolish police graft is to abolish the police force. But until something is found to take its place about all that can be done is to reduce the grafting to a minimum, which could be accomplished by a good vigilance committee in about a hundreth part of the time, and with a hunrded times the efficiency of the methods being employed at present.

Financial embarrassment is said to have overtaken the contractors having in charge the construction of the state highway between Santa Rosa and Healdsburg in Sonoma county.

Fully a hundred men who had been employed are unable to get any money on the checks which they hold against the company. Their only consolation is an assurance that they will get their pay if matters can be adjusted. It is a shame that these men should have to wait even one day for their money. A working man has nothing in the world but his daily wage, and he needs every cent that is coming to him as soon as it is due. When a contract is let the contractors ought to be forced to provide a fund sufficient to pay all labor claims immediately should any financial difficulty come up such as has arisen here and as arose in the case of the contractors who had the Hopland-Cloverdale contract. There are hundreds of dollars still owing to laborers who worked on the latter job, and many of them will never get their money on account of having to go away elswehere to get work and being unable to spare the time to stay here and look after the collection of their wages.

The department of state will settle the Mexican difficulty, if difficulty there be, without any help from Wm. Randolph Hearst. And what makes Willie more peeved than ever is the fact that they won't tell him what the matter is and won't even tell him whether there is anything at all the matter.

o—o—o

There never has been a time when the Democrats of California needed a big daily paper so badly as they do now. Every large paper in the state is either republican or bull moose. News dispatches from Washington are either emasculated of all passages reflecting credit on the administration or are twisted to cast slurs on every action of the Democrats at the national capital. There is rarely a line of truth in any of them. Strange as it may seem the San Francisco Post, stand pat republican though it may be, is the only newspaper in California which gives anywhere near a fair report of political doings. Even the Sacramento Bee, once noted for its unbiased report of news from the national capital has become more or less poisoned. The San Francicso Examiner invariably lies absolutely and the Call is little better. To democrats who desire a clean, consistently democratic sheet, there is but one recourse and that is a weekly—the San Francisco Star.

Mac Loses Whiskers

John McGimsey lost his whiskers this week. They were blown off. Not figuratively, but literally. John was lighting the gas water heater in the jail when, he says, the gol darned thing exploded. He was knocked down and when he came to, he found that his whiskers, the pride of his life, were reduced to mere remnants. Likewise his eyebrows, eyelashes and front hair. John shaved off the straggling remains of his labial palpi and now looks like a mere stripilng as it were.

Library Plans Received

J. D. Hatch, the architect for the new library, met with the board of library trustees last Friday and went over the plans with them. The plans were recently returned from the Carnegie commission with suggestions for certain changes. Hatch will make these and submit the plans again for consideration.

FAULTY CONSTRUCTION IN IRMULCO DAM

Seepage Makes Considerable Trouble

Special to Dispatch

Willits, July 16--Work has been suspended at the Irvine & Muir Lumber Co.'s sawmill at Irmulco pending the completing of repairs to the mill dam. When the dam, a fine concrete structure, was erected, it was thought that the foundation had been laid in bedrock, but it has since developed that this was not so and the trouble caused by seepage was so great that the company finds it necessary to go down to bedrock with the foundation. A large crew of men have been employed at the work.

As there is very little water in the creek at this time of the year the problem of filling the dam after repairs are completed will be solved by laying a pipe to the Noyo river and pumping water from that stream.

Ida Guidi Acquitted

Ida Guidi was acquitted last Monday by a jury in Judge Crockett's court of the charge of selling liquor illegally. The case was to have come up the preceding Thursday, but owing to the chief witness for the prosecution failing to attend it had to be postponed until Monday. Deputy Sheriff George Finney found the witness, an indian, over in Lake county, where he had gone hunting work, having forgotten the case.

J. C. Ruddock representee the defendant.

Buying Hay

Joe Brower was in town last Friday and Saturday looking after his hay contracts. He has bought about 800 tons in this and Potter valleys. The larger part of it will be stored at the old cannery building. Mr. Brower has been buying for the Utah Construction Co., which is handling the railroad construction north of Willits, and the company will ship the hay north as they need it. The average price was $15 a ton in the field.

Death of Ed Buchanan

Ed Buchanan, of Ek, died in San Francisco last Saturday, where he had been for some time on account of failing health. The remains were taken to Greenwood for interment, the funeral being held last Tuesday.

He was well known in Ukiah where he attended high school and has many friends here.

Preston Awarded Fee

Judge Wm. Finch of Glenn county who heard the recent suit of W. P. Mariner against the Yolo Water and Power Co., to collect costs and the attorney fees of H. E. Witherspoon and J. W. Preston for the case abandoned by the water company, filed his decision last Saturday. The Judge allows $1250 attorney fees, besides the costs amounting to $76.

AUTO OVER GRADE; DRIVER IS LAID UP

J. H. Lendstrum Hurt in Accident

J. H. Lendstrum is now confined to his bed with a broken shoulder and a badly bruised head, aside from other minor injuries, as a result of an auto accident at Dark Gulch, below Mendocino, Monday afternoon.

Mr. Lendstrum drove down the coast Monday morning in a Flanders which he sold to Mr. Cameron. After the deal was made, he started to teach the new owner how to run the car. Climbing Dark Gulch, on the other side, the engines stalled. After making several unsuccessful attempts to crank the car, Mr. Lendstrum decided to back it down the grade. He started alright but when things started to move too fast he put on the foot break so hard and sudden that the rod broke. Very shortly the car left the road and made three turns before the bottom of the gulch was hit.

Mr. Cameron, who was fortunately standing on the running board when the car started on the speedy descent stepped off, escaping without injuries.

Mr. Lendstrum stayed with the car with the above mentioned results.

The car was pretty badly smashed up.—Advocate.

Prospective Bride Showered

The Rage For "Art."

Some of the more progressive of the women in the Bohemian quarter of Paris are carrying the "futurist" color schemes into the makeup for their faces. Not only are they decking themselves in crude green, yellow or mauve hats or gowns, but are using yellow or blue powder on their faces. The dark girl transforms herself into a sienna tinted charmer, while the blonds choose mauve or blue.

New York City's Tenements.

In his last annual report of tenement house department administration Commissioner John J. Murphy of New York city reported to the mayor that on Jan. 1, 1913, there were 103,093 tenement houses of all kinds in New York city. The increase from January, 1912, was less than 1 per cent. The estimated cost of new tenements built from January, 1912, to January, 1913, was $74,422,501.
